APPENDIX C

FEE-BASED RECREATION PROGRAMS

The Leisure Services Department manages the statutory revolving funds, and through fee-based programming, attempts to provide as many diverse programs as possible. Programs for youth include instructional classes in art, dance, crafts, sports, and drama; summer day camps; sports camps; basketball leagues; downhill ski program; swimming lessons and recreational swimming; tennis lessons; after-school programs; cross-country ski lessons; special events, and other activities. Programs for adults include instructional classes in personal development, sports, health and fitness, hobbies, crafts, dance, art and music; volleyball, basketball and softball leagues; sporting event trips, and open gyms. Approximately 250 programs are offered annually and nearly 800 volunteers are utilized to assist with the preparation and implementation of these activities.

APPENDIX E

TOWN OF AMHERST HISTORICAL FINANCIAL DATA FY 90 - FY 04

The information on the following pages reflects the beginnings of a historical database from which analysis can be performed and trends monitored. Reserves, and capital expenditures as well as pertinent demographic information need to be added before this database can be used effectively.

Over the years differing accounting and/or budgeting processes have been used making it difficult to classify information consistently. For that reason the revenue, expenditure, tax rate and property valuation information provided on the following pages begins in different fiscal years.

SUMMARY OF RECURRING REVENUE

SUMMARY OF TAX RATES AND PROPERTY VALUATIONS

Graph 1

This graph illustrates growth in property values, tax levies and the effect of these two factors on the tax rate. Property values have increased by 264%, the tax levy by 267% and the tax rate has decreased by 1%over the period FY 86 – FY 05.

SUMMARY OF TAX RATES AND PROPERTY VALUATIONS

Graph2:

This graph shows annual percentage changes in the tax rate, tax levy and total property valuation since Fiscal Year 1985.

In Fiscal Years 1980 and 1981 two significant legislative changes occurred. The Court in the "Sudbury Decision" ordered that property valuations be based on full and fair cash values. Therefore, every property, not just those sold during the prior fiscal period, were required to be valued based on current arms-length sales. The effect of this decision was to raise property values in all cities and towns, thereby redistributing the tax burden between individual properties and lowering tax rates.

The second significant change was the passage of the referendum called Proposition 2 ½ which limited the annual increase in property taxes to 2 ½% over the prior year. Throughout most of the 1980s the Town used reserves to balance budgets rather than using its allowable taxing capacity under Proposition 2 ½. By Fiscal Year 1988 the Town was taxing up to its limit and the only significant increase after that period resulted from a Proposition 2 ½ override referendum. For Fiscal Year 1992, voters approved raising taxes by more than \$1 million over the limit.

This graph illustrates the relationship between property values, tax rates and the tax levy. Generally, as long as the levy is stable, values and rates mirror each other; as values increase, rates decrease. If the levy increases and values decrease, the rate increases. If the levy and values increase, the rate will increase or decrease depending on the amount of increase in the other two variables.

Only a levy increase causes taxes to increase. Valuation changes cause the tax burden to be redistributed. The rate results from changes in the other two variables

SUMMARY OF TAX RATES AND PROPERTY VALUATIONS

	FY 96	FY 96	FY 96	FY 97	FY 98	FY 99	FY 00	FY 01	FY 02	FY 03	FY 04	FY 05
